# **Waiter Training Manual**

#### Who is Server or Waitstaff

The staffs or the employees who work in the restaurant or hotel assigned serv food and beverage to the guests are known as waitstaff, waiting staff, wait server. Besides serving meal some waiters are also assigned to the operational activity of production department to smoothen the led or ratio. However, waitstaffs are responsible for performing the following fundaments.

- Welcome the guest cordially.
- Bring a dining familiarity.
- Taking orders carefully as requested.
- Serve the meal as requested.
- Clear the table after having meal.
- Setting the table after guest departure w gves

#### 1 Preparation before Guest Arrives

Every server is basically assigned of the particular sortice area or table to perform his/her duties. Moreover the wait to avery do be will educated about the duties and responsibilities that are included in a work do not directly associated with guest services) or "mise en place" (provided in the comparation, menu study) and closing dutie (hand over the duty).

Waitstaffs have to go through some weedures and perform certain responsibilities before guest are value ensure smooth guest services which are as follows:

#### 1.1 Station as a state

sign threas for rvers are called as station which is the section of hotel room. Generally experienced and senior servers are assigned to sought-after arger station whereas the new waiters are assigned to smaller and less popular servers.

Each stands should occupy a seating arrangement for 12 or more guests at tables, boot's, counters. Though it is very difficult to manage equal distribution of the difference of the difference

To maintain the efficiency of hotel service, the F & B servers sometimes have to perform service on a rotational basis.

Station assignment is processed according to the total number of tables in the room and number of tables which are assigned to the servers to ensure order has given to right party.

#### 1.3 Dinin Preparaton

#### 1.3.1 Pr sir the Tab.

Preserving the doing table before guest arrival is one of the prime duties of establishments at taffs. A well organized and presentable dining table increase the eye appeal of the restaurants as well as works as a tool to makes the guest as repetitive client. To prepare the dining table or to set the table, a server has to according to the following steps:

- First ensure that your station is appropriate and workable to set up for service.
- Set up a number of tables that are enough to occupy both probable numbers of guests with and without reservation.

For example: you can simply make a pocket with the napkin for silverware or you also can create a flower fold and use it in formal occasion. It was just an examp Numerous tasteful and elegant designs and uses are available to fold the napkin Such as:

- Large laundered
- Starched
- Ironed napkins etc.

However it is very important to balance the number of filled king each strong in dining room. Always try to fold extra napkin that the number of filled king each strong in dining room.

#### 1.3.3 Preparing the Sidestand

A sidestand is an essential part of the restaurant, positioned near new service area or dining room to store service items. Basically works as a stage and service unit.

A waitstaff always should be capable to the lay profitting all necessary service items that are required by the guarantees of a secret to maintain its cleanliness, appearance and to ensure proper tock of sides and. Basically sidestand are stored with serviceware, symplies to raises and varnishes. The number and nature of service items that are stored and to analyze the state of the restaurant. He were a most of the estaurants sidestand are stored with the following items:

|                 | Supplies                   |
|-----------------|----------------------------|
| Clearded napkin | Tip wallets or trays       |
| Ord vas         | Extra pencils              |
| on              | Clean placemats            |
| wels            | Children's bibs and favors |
| t che           | Pens                       |

- Guest's room number
- Callers telephone number, etc

#### **Good & Bad Practices:**

| Bad Practice   | Good Practice   |
|--|---|
| Just start a conversation with only "Hello" or "Department Name" or "Hotel's Name" | Start with greeting and ton few the procedure we liscult the beginning.   |
| Avoid taking responsibility in the way like "I am not working in HR department".   | 1   |
| Requesting to hold down as because you don't find you pen or pad.                  | You should always keep or pen, pad or pen.  |
| Being silent while talking for a long time.  | M some ples like "Hmm", "Ol "The I Ungle stand" etc.  |
| Use plain languages.   | "You are "thin, "I do understand", "Thank you" etc.   |
| Taking wrong or incomplete sage.   | Pay Sep attention while talking m sage and then repeat and be sure whave taken proper message.  |
| Don't take follow up   | Thile transferring any call or message be careful to take follow ups.   |
| Give personal life in a fion about guest.  | You can't share guest information or room number to any unknown person. You should only transfer a call or take message on behalf of him. |

# Answert 7 Telephone in Hotel & Restaurant-DOs & DON'Ts

Telephole always plays a significant role in hospitality industry. People from all round the world call for making booking or asking information or transferring sage to the guest or for various other purposes. If you are an hotelier then you may have to answer telephone calls. This happens mostly with front desk staffs.
